<i>158</i>	<i>35</i>	<i>55</i>						
K	L	M	N	P	Q	R	S	T

Skador/damage *two facets of handle have split off, & left a depression that runs the full length of the handle, but only crosses hole for shaft 10mm from L end. original surface otherwise in good condition. "x" indicates modern tag fastener holes.*

Kommentar/comments *end slightly mushroomed possibly from striking. Hole for shaft circular @ surface, but tapers & becomes rectangular/square as it deepens. Blind. 29mm long split in L end (face "E") extends through to shaft. poss. some metal @ bottom of shaft?*
